

RM case study

Case name	<i>PREGNANCY TEST</i>		
Dimensions in mm (L x W x H)	100 x 2 x 20		
Application	Aesthetic and functional parts. Marketing		
RM process	Selective Laser Sintering		
Software	Build Setup 3.1		
System	DTM 2500 PLUS		
Material	PA		
Lead time (hours/days)	3 hours		
Costs	--		
Surface finish	Polished		
Mechanical properties	Unknow		
Thermal properties	Unknow		
Any additional info	Seven different geometries (2 of each one) were made using Selective Laser Sintering in one batch.
